Letter To The Editor

George A. Walker,
Lower Merion Newspapers, Inc.
Dear Sir:

It is alarming to realize how completely smart citizens of Lower Merion have been hoodwinked into a hawk-killing campaign. Whoever started it has now jockeyed ten women's clubs, three chapters of the D. A. R. and unidentified gun clubs into an untenable position. State authorities know plenty about hawks; so do local amateur bird groups.

These club members, most of whom cannot identify a hawk of any kind, many of whom have never maintained feed stations, or made a study of the winter grounds where our major song birds go at this time of year, have now innocently gone on record to kill hawks—just hawks, regardless of all that is known by many scientists about their value.

I urge every member of these clubs who did not take part in planning this hunt to protest within their own organizations.

Ignorant and ill-advised campaigns do more damage to the prestige of the women's club organization than these members realize. This campaign is in direct conflict with State laws.

Mrs. E. S. Willing, Jr.,
Birdbanding Cooperator, U. S.
Fish and Wildlife Service, W.
Roberts Rd., Bryn Mawr.

Hawk Hunt

(Continued from page 1)

Manayunk youth became the first victim of the anti-hawk crusade. George Dirks, Jr., of 34 School Lane, son of a Township detective, was seriously wounded by a blast from a shotgun while he and two companions were preparing to shoot for hawks near the Ashland Avenue School. He is in the Naval Hospital where doctors said Wednesday his condition was fair. Four fingers of his left hand were shot away.

Charles Blinn, of 211 Glynn road, Ardmore, a past president of the Lower Merion Rod and Gun Club, confirmed the fact that hawks have been killed since the meeting January 24, but said the total number of dead hawks would not be made public until March 21, the deadline for the \$10 bounty offer.

neighbors of the Russells are collecting a fund to help them — Mrs. Russell is sort of embarrassed about the whole thing, but she's terribly happy that she has such neighbors — it would be nice if Narberth and Lower Merion residents and friends of theirs would do something like that over here.

AROUND THE TOWN . . . A lot of people are vacationing down South during these winter weeks. ALEX MORRISON, of Rittenhouse Place, is recuperating from a short illness in Florida, as is EVAN L. JAMES, L. M. Township Manager. Evan is expected home in time for the next Commissioner's meeting.

Meantime, JOHN SCULL, his assistant, is doing a fine job down at the Township Building . . . JOE CAIRNS, of Greystone Rd., Merion, and JIM MCINTYRE, are also in the sunny South. Joe is fishing in waters off Texas and Mexico, while Joe is golfing in South Carolina . . . Spotted BOB SIDDALL and his pretty wife dining at General Wayne Inn Friday night. He's the Penn Wynn realtor . . . Understand from J. FRANKLIN MOSS, the Merion real estate man, by the way, that the Ashton tract down on Morris Rd., Wynnewood is about ready for development . . .

Saw MR. AND MRS. BERT SIMPSON of 201 Woodside Ave., Narberth, and MR. AND MRS. FRANCIS MITCHELL, of Penn Valley, at Plays and Players Theatre Saturday night. The Players put on a terrifically good show on their 20th anniversary "Outward Bound" . . . it was the same show with which they opened . . . Hope that ROGER VOLLMEYER's wife is feeling better after that bad auto accident she suffered last Saturday. He owns the chicken place in Ardmore, you know, and he has a farm in Phoenixville. His wife was walking out to get the mail when a car swerved off the Pike in front of their house and his

her . . .

MRS. LARRY H. GREY, wife of the Penn Valley artist is president of the Narberth Junior Women's Club . . . She was saying the other day that MR. AND MRS. VINCENT J. STOLTZ certainly deserve a lot of credit for the success of the Club's Youth Dances. It seems that they have been in charge of and present at every dance that's been put on in the Community Building in Narberth, including the super dance being planned for St. Valentine's Day . . .

Bala-Cynwyd has a very interesting man in the person of LOUIS L. LAKATOS, of 176 Stoney Lane. He is an engineer for RCA and invented a new type of equipment to improve radar reception during the war. Inasmuch as all patents applied for during the war were held up to security reasons, this one didn't come to light until last week.

This is his second invention which has been granted patent rights by the United States Patent Office. The first one makes more accurate range-finding and readability, and this one which was just granted is different in seven respects from any other type of radio pulse-echo indicator system.

Mr. Lakatos has lived in Cynwyd for five years. He was born in Hungary, from where he came to this country at the age of seven.

Guest Speaker

OWEN J. ROBERTS

MRS. WILLIAM J. SARGENT, of 124 Chestnut Ave., Narberth, is one of those people interested in everything and everybody . . . She is a member of the Episcopal Church Women's Auxiliary, one of whose chief interests is in the National Mental Health Foundation, Inc. She wrote to our State Senator, LLOYD WOOD, to ask that something more be done about the state appropriations for mental hospitals . . . She was quoting some figures which are pretty terrifying when you look at them . . . One out of every ten people in this country needs mental attention, one out of 20 will become an inmate of a mental institution and one out of every five families will have some need for mental attention . . .

By way of being a note to our good friends on one of the other papers . . . that W. HENNING SHAEFFER, who was reported to have been beaten and robbed and then hurled from a moving auto was W. Henning Shaeffer from Ardmore, the Pittsburgh suburb . . . Don't give it thought, though 'cause we all do it . . .

Congratulations to BILL and LIBBY REED . . . they've just become proud parents of a son, BILL, JR., who was born last Thursday morning at St. Joseph's Hospital, Philadelphia. Libby is the daughter of the WILLIAM CREAMERS, of 200 S. Narberth Ave., Narberth . . .

Guess that is about all for this week . . . 'Bye for now . . .

Joseph D. Malkin Estate Valued At More Than \$200,000

He gave executors the authority to sell his real estate holdings and his interests in the National Pad and Binding Co. and the Thomas Textile Service Co., both of Philadelphia, and left personal effects, jewelry and automobiles to his wife, Viola V. Malkin.

The Federation of Jewish Charities and the Allied Jewish Appeal, both of Philadelphia, are given \$2,500 each and the Jewish and Jefferson Hospitals, Philadelphia, \$1,000 each. A bequest of \$1,000 is also provided for the Golden Slipper Square Club, Philadelphia.

The residue of the estate goes to his wife. The will is dated Dec. 22, 1944.

A. & P. Founder To Be Honored By Stores Here

Cynwyd Official Announces Founder's Week Observances

George Huntington Hartford, inventor of the modern chain store, will be honored here next week by the Great Atlantic and Pacific Tea Co., according to an announcement by H. F. Hodgson, of 622 Oxford Rd., Cynwyd, of the Board of Directors of the A. & P.

Local observance of Founder's Week will pay tribute to the man who opened the company's first red-fronted store in 1859.

"Mr. Hartford established the principle of mass distribution," Hodgson said, "and down through the years this principle has proved a boon to the American people. The chain store has made everyday staples of many commodities which once were considered luxuries."

"More than ever in its 87-year history, the company's facilities now are being directed toward improving the supply, quality and variety of food. The return on more than 27,000 experienced employees of A. & P. who served in the armed forces is helping speed the installation of new departments and the expansion of shopping conveniences."

"We believe there can be no better way to keep faith with our founder," said, "than by turning our attention to speedier transportation, more scientific packaging and refrigeration of perishables, improving the processing of food and eliminating waste and spoilage as factors in food costs. 'The Hartford system,' he pointed out, 'began with specialty shops selling glee, and later, coffee, spices and extracts at prices reflecting two-man grocery stores. Twenty-five years ago A. & P. pioneered the sale of fresh fruits and vegetables. Ten company's 'economy' stores then were expanded into supermarkets,' forerunners of the modern supermarket."

Club Women Hear Talk On World Peace Tuesday

"War has glamor and appeal when it descends," said Mrs. Victor H. Frank, executive and member of the Board of Directors of the United Nations Council of Philadelphia, at a meeting of the Narberth Woman's Community Club Tuesday afternoon.

"However," she added, "apparently working for the stabilization of world peace lacks glamor and appeal, for one of the greatest things we have to work against is the apathy which arises when the fighting stops."

"The UNO and all individuals are working against time before another war can be started," she said, "because due to the atom bomb, if we have another war absolute devastation is promised."

"We need faith and determination along with wisdom to make the UNO work," she said, "for the UNO is a definite step forward in spite of its weaknesses."

Mrs. Frank said the UNO was inaugurating a study plan for high school students as well as woman's clubs and other organizations, in order that the general public might be familiarized with the problems and gain understanding thereof.

"Our United States is a major

power, unmolested throughout the war. We must take the lead," she said.

Mrs. Frank is also Radio Committee Chairman and member of the speakers bureau of the United Nations Council of Philadelphia; former radio commentator for stations WCAU and WFIL and Chairman of the Women's Committee of the Philadelphia Forum.

The musical entertainment included three cello selections by Shirley Treple, of the Curtis Institute of Music.

Hostesses for the afternoon were Mrs. Howard F. Stevens and Mrs. J. W. Joyce. Presiding at the table were Mrs. Robert J. Nash and Mrs. Henry A. Frye.

Housing Director Speaks At Joint Club Meeting

Stressing the importance of range planning for any city, Oscar Stonorov, director of the Philadelphia Housing Association, spoke on "The Philadelphia of Tomorrow," before more than 100 members of the Bala-Cynwyd Senior and Junior Women's Clubs.

The joint meeting, arranged by the junior club, was held Monday night in the club house.

Stonorov said there were approximately 150 metropolitan areas in the country having the same problems—namely, congestion, poor planning and a general exodus to the suburbs. He said, however, that a beginning for improved planning was being made.

He said the Philadelphia Planning Commission would have an exhibition of Plans for the Future in Gimbels next Fall, and showed colored slides of models of the exhibit.

At a business meeting of the juniors held the same evening, plans for the junior activities in

the annual three-day Antique Show sponsored by the seniors, were discussed. The juniors will have charge of the tea in the afternoon and serving refreshments in the evening. Mrs. Stuart H. Mason and Mrs. Alfred L. Dietrich will be in charge. The Show will be held April 8, 9, and 10.

It was announced that the Mother-Daughter luncheon, to be held on Saturday, March 15, would be followed by a Fashion Show and an exhibition of hobbies and talents of the members. It was also announced that Sammy Price would present an "Educational Talk on Hot Jazz," Monday evening at 8 P. M., in place of the Book Club meeting. Price, well known in jazz circles, is director of the Jazz Festival Society of Philadelphia. He will accompany his remarks on the piano.

Hostesses for the evening were Mrs. Carl L. Miller, Mrs. Julian Eagle, Mrs. Ronald J. Shepherd and Mrs. Watson Campbell.

Letter To The Editor

David L. J. Malickson
The Pennsylvania State College
State College, Pa.
January 25, 1947

Lower Merion Newspapers, Inc.
Eight Cricket Avenue
Ardmore, Pennsylvania

To the Editor:

Whether or not the apartment house is built on Old Lancaster Road, Merion, is not the main issue involved in the fight between near-by residents and Mr. Frankel. The survival of suburban life itself is being challenged.

If Mr. Frankel is granted the right to build the apartment it will mean an eventual increase in the number of delivery trucks and other service vehicles traveling the roads through Merion. It will mean the eventual breakdown of all zoning laws regarding the area where the new structure is to be built. Nobody who resides in the suburban area wants to live in the shadow of an apartment house if he can avoid it. He lives in the suburbs because he wants to escape city noises and city confusion.

There is only a limited area in which persons can enjoy the fresh air and the other virtues of suburban life, and yet be close to their business or to the shopping district in the city. This area is gradually being reduced: new apartment houses on Lancaster Pike, and also along Montgomery Avenue, and new stores continually being built. Of course more stores are necessary to serve an increasing population. However, many of the persons who constitute this new population do not live in individual homes, but in apartment houses.

The suburbs must remain a locality where a man can raise his family in an open, quiet environment, and where he is able to putter around in a garden of his own picking flowers that he raised not on an apartment house roof-garden, but on a plot of ground in his own back yard. This is suburban life.

Already in almost the same area where this apartment house is to be built is an open lot automobile salesroom—City Line and Bryn Mawr Avenue; and of all things, a beverage company in a strictly residential neighborhood on Heckamore Road. Even if Heckamore Road is a private thoroughfare—which I am not sure it is—such a practice of permitting a business establishment to operate there is certainly against public interest and the owner of the property should never have consented to such use of it.

All these infringements on suburban life—and there most probably will be more in the future—show the need for reviewing and revising the Zoning Codes of Lower Merion Township, and for the civic leaders to take some pride in the Township to stop this disruption and disorganization of the suburbs—a beverage company in the midst of a residential section, an open lot automobile salesroom, the building of an apartment house in the vicinity of expensive, individual, well-developed homes.

The suburban area is being challenged. It's up to the civic clubs, the township officers and the newspapers of the communities involved to fight back.

Sincerely,
David L. Malickson
(Signed)

Local Schools To Participate In College Plan

Villanova, Bryn Mawr,
To Accept Credits

Four local colleges are participating in the Area College Centers program instituted last fall by the Pennsylvania Department of Public Instruction. Villanova, Haverford (Rosemont and Bryn Mawr) have agreed to accept credits granted by the College Centers.

The Area College Centers were organized to provide for the overflow of first-year students that cannot be accommodated at the colleges and universities of Pennsylvania.

Dr. Charles A. Ford, Area Coordinator, said there are now 1938 students attending the three College Centers in the Philadelphia area. One of these, Sproul College, is at the Chester High School. The other two are in Philadelphia: Martin College at Central High School and Rittenhouse College at the Fleisher Vocational School.

Classes meet generally in the late afternoon so as not to conflict with high school classes. Fully qualified instructors from the faculties of the colleges and high school have been chosen to teach the courses.

The work offered consists of first-year courses commonly given in standard colleges, such as English, social studies, mathematics, science, languages and engineering drawing.

Tuition is \$300 a school year; \$105 to be paid at the beginning of each semester. Each local center may collect fees necessary for student activities.

The Veterans Administration will pay tuition, fees, subsistence allowance, as well as for books, supplies and equipment as provided under the G. I. Bill. The centers serve only students within commuting distance and do not provide room and board accommodations. Extra curricular activities depend upon student interest.

Birth Rate Sets Record In 1946

Lower Merion Township's 1946 birth rate of 37.5 per 1000 population is the highest ever recorded, William P. Landis reported in the annual report of the Township's Board of Health.

Landis, president of the Board, said there were 1552 births in Lower Merion in 1946, and that all four occurred in Bryn Mawr Hospital.

"It is generally recognized that a high birth rate is accompanied by a high infant mortality rate," Landis said.

However, in Lower Merion Township, the reverse has been true. The infant mortality rate for our Township for the year 1946 is 16.8 deaths per 1000 live births, the lowest rate ever recorded in the history of the Board. Added to the excellent record is the fact that there were no maternal deaths during the year," he said.

Bell Telephone Spends \$38,000 On Equipment

Expansion of telephone equipment in the Hilltop-Sunset central offices of the Bell Telephone Company of Pennsylvania is expected to be completed this Spring at an estimated cost of \$38,000, William S. Fort, district manager of the company, has announced.

Switchboard equipment is being installed to provide working positions for five additional operators, Fort said. Completion of the expansion project will make it possible for the central offices to handle approximately 900 additional telephone subscribers in this section.

"This added equipment will provide for future growth in the territory served by the Hilltop-Sunset offices," the district manager stated.

The Bell company is spending \$40,000 for the construction of cable and wire lines throughout the territory served by the Hilltop-Sunset central offices, he said.

This work, which is now scheduled for completion by Summer of next year, includes installation of 10,000 feet of telephone cable along West Chester Pike to Eagle R.J. Manor.

Local Hospital Expansion Asked In City Report

It was recommended that Delaware County Hospital, with only 1.6 beds per thousand population, increase its bed capacity from 74 to an estimated 100.

Lower Merion, Haverford High School Courtmen Clash Friday Night

SPORTS SCENE

By JACK FORD

Owen J. Toland, Jr., of Wynne-wood, will be one of several Main Liners in action when Princeton University's hockey team opposes the historic St. Nicholas Club at the Philadelphia Arena rink, next Monday night.

Toland, a freshman forward, stands 5-feet-10 and weighs 147. His mother was active in women's golf circles. Another Main Liner, Melville P. Dickenson, will be at defense for the Tigers. His father captained the Yale football team in 1923.

Also active in arrangements for the game is Earl Baruch, of the Princeton Committee in Philadelphia. Baruch, former Merion Golf Club links star, has Dickenson, Sr., Blair Lee, James Gowen, William Scull and F. D. D'Olier, Jr., as his co-committeemen.

It will mark the first time in five years that any college hockey team has played at the Arena, the St. Nicholas Club, oldest outfit of its kind in the world, was organized in 1896.

Princeton, handicapped by lack of a home rink, and St. Nicholas also clashed earlier this season, with the Tigers scoring a 2-0 triumph. Princeton previously drilled on the Arena ice and has just returned from the five-day practice session on the U. S. Military Academy rink at West Point. The Tigers' Hobey Baker rink is being used to replace their gymnasium, which was burned.

Included on the St. Nicholas teams are six Princeton graduates, two each from Harvard, Yale and Dartmouth and one from Williams. One ex-Eli with the St. Nicks will be Stewart B. Ingelhart, 10-goal polo player who plays defense in ice hockey.

Although the Villanova College basketball shows only a .500 record at the midway mark in the schedule, Coach Al Severance is

Joe Lord Registers 16 Points Against Yale to Retain Scoring Honors

Despite a sudden surge by La Salle's Bob Walters, veteran Joe Lord, Villanova College captain, continued to lead Philadelphia district basketball scorers with a 16.4 average last week.

Lord, who scored 16 points as Villanova vanquished Yale University 62-46 Saturday, has tallied 229 points in 14 games. He has hung up 92 field goals and 45 foul tosses.

Walters, who was one of the district's top point producers last season, moved from ninth place to fifth with an average of 13.1. He trails Lord by 19 points, having scored 210 points on 85

well pleased with the results to date.

Severance has been forced to depend almost entirely on freshmen and all have produced improved play. Except for Captain Joe Lord, a senior, four yearlings are in the starting lineup.

This combination gave two of the East's ranking teams, unbeaten Seton Hall and once-beaten Rhode Island State, some uneasy moments last week before losing by nine and four-point margins, respectively.

Severance feels that the experience gained this winter will bring valuable results next season and in 1949. He tends that many of the errors committed are due to inexperience.

Joe Lord, who has carried the brunt of the attack thus far, seems a sure bet to break his own scoring mark of 303 points set last season. He has racked up 203 points in the first 12 games, an average of 16.9 points per game.

A feature in recent tilts has been the play of Tom Sabol and

field goals and 40 fouls.

George Moore, Ursinus, moved from third to second, ousting Drexel Tech's Hal Kollar by collaring 71 points in five games for a 14.2 ranking. Kollar has caged 137 points in 10 starts for 13.7.

Joe Lord, Villanova College basketball and baseball star, reportedly is sought by at least two Basketball Association of America clubs. Both the Philadelphia Warriors and Toronto Huskies are said to be angling for the services of Lord, who will graduate in June. The ex-Army bombardier, who served in the CBI theater, is leading Philadelphia district court scorers with a 16.4 average. He scored 303 points in 23 games last year, seems certain to crack that standard this season.

Brooks Defeat Narberth Five, Cut Loop Lead

Goodmen Triumph By 43-38 As Gunther Leads Attack

By HARRY ELLSWORTH

Surging back from a six-point halftime deficit, a fighting Brookline five sheared Narberth's winning streak at six straight, 43-38, at Bala-Cynwyd on Monday night.

The loss, coupled with Coatesville's 59-40 shellacking of Wayne cut Narberth's league lead to a half-game over the second place Steelers.

Narberth started off with a flurry of points, running up a 22-16 half time lead against Brookline. Brookline, however, tied it up at 23-23 early in the third period. Bill Poletti then came through with a leaping one hand stab from side court to put the Goodmen in the lead, 25-23 and they were never headed.

Coach Herb Good of the Brooks employed a shifting 3-2 zone defense to stop league high scorer George Davidson. Tr. tactics worked, for Narberth was unable to slip the ball to the elongated Penn Charter ace or the . . . Davidson scored nine points for the evening, fouling out midway in the final period.

Charlie Gunther was high for Brookline, scoring 10 points while Harry Kelleher scored a like number for Narberth.

Bill Seavey, ex-St. Joseph's College player, and Bobby Keelin each scored 14 points to lead Coatesville to an easy victory over Wayne. Game scoring honors, however, went to Wayne's Chuck Hauser, recently acquired from the Paoli Lions of the "B" League, who tossed in 16 points.

Norristown and Brookline, a present a half game apart in their battle for fourth place, meet in a crucial game on Monday night at the Haverford Senior High School floor.

Both are anxious to clinch a play-off spot and this game is the key to both clubs' chances. In two previous meetings, the teams split. Norristown won a 71-66 scoring duel at Norristown, while Brookline won a 60-50 overtime decision at Convention Hall last month.

Narberth, seeking to strengthen its slim first place margin, will be on the road. The Torchiana-men play Chester at the Chester Armory on Saturday night and meet Clifton Heights at Clifton Heights on Monday.

Lower Merion's Veterans meet Clifton Heights on Wednesday night at Lower Merion High School. The Vets are losing three important members of the team this week.

Bud Long, a senior at Penn, will be eligible for the Red and

Section One Rivals Meet at Ardmore; Aces Nip Panthers

Lower Merion and Haverford High will resume their court rivalry this Friday night, when they meet for the second time this season. The Suburban Section One game will be played in L. M.'s Downs Gymnasium, Ardmore.

In an earlier encounter, Lower Merion scored a 46-40 triumph, the Ardmore Aces were routed by Norristown's title-bound team, although Lower Merion has managed to remain doggedly on Norristown's heels and trails by only one game.

Lower Merion upset Abington in its last league start Friday, 36-28, while Upper Darby defeated Haverford High at Brookline, 47-37. It was Haverford's fifth straight league loss.

Leading Lower Merion to triumph against the Ghosts of Abington were Len Shephard and Tom Davis, only holdovers from last year's title team. Shephard scored 13 points on five field goals and three fouls; Davis dropped eight on three field goals and a pair of conversions.

Lower Merion held a 21-16 halftime lead and never was threatened.

Blue's Varsity in time for the Cornell game at Ithaca this Saturday, while Don Evans, an all-state center while in high school and a high-scorer for the Vets, is going to Oregon to work.

The third man to leave, Charles "Dutch" Sivertsen, is moving to Pittsburgh and will be unable to play for the Vets.

In the "B" Leagues, Coatesville strengthened its hold on first place in Section One as second-place Wayne dropped its third straight, losing a 42-36 decision to Sun Oil.

Narberth, meanwhile, climbed into third place with a 32-29 win over Haverford on Monday night.

In Section Two, Phoenixville still maintains a slim lead over the Ardmore Knights of Columbus, with West Manayunk a close third. Next Wednesday night, the Slovak-Americans meet the Knights at St. Katherine's in Wayne, in a game that should about decide the winner of the Section Two crown.

Know Your State

Pennsylvania is America's greatest user of industrial electric power. During the eight years from 1939 to 1946 inclusive, the Commonwealth led the Nation in its consumption of electric energy for industrial use in all but one year, and in 1946 exceeded its nearest rival, the state of New York, by nearly two billion kilowatt hours.

During the last three years the State's use of electric energy for industrial purposes has exceeded that of any other state by a wider margin than at any time in the past decade.

Pennsylvania is also the largest producer of utility electric energy; the second largest producer of electric energy by public utilities, and the largest producer of electric energy from the burning of fuel.

As the leading coal producing state of the Union, the Commonwealth also provides an important part of the source of electric energy generated in many of its neighboring states.

These facts are indicative of the tremendous reserves of power available for the manufacturers of the Commonwealth and of the success with which the state has maintained its industrial production in the years of war and the first year of peace.

Cleveland Rebels, seeking revenge for a recent extra period defeat here, tackle the Warriors next Thursday, February 13 at the Arena in the windup of another double bill.

Villa Marie Wins

A Valentine for Mother!

"Good suggestion, Bill. Bring your books over here and we'll talk it over without tying up the party-line."

Such a grubby little valentine—no lace, no satin, no pretty poem! Butch made it himself, scrawled the message, pasted it crookedly together. It didn't cost much, but what a lift it gives a Mother's heart!

No, it isn't cost alone that counts. It's what a thing does for you. Like electricity, for instance. Dependable electric service is Mother's 365-days-a-year valentine—ready all the time to lift the burden of homemaking, ready to make life easier and happier for her.

And when Mother struggles with her budget, she can't help noticing that electricity is just about the smallest item on her list. While the cost of nearly everything else went UP, the price of electricity
